## **Blavatnik Postdoctoral Fellowship Programme for Israeli Scientists** **Call for Applications 2017-2018**

The Blavatnik Postdoctoral Fellowship Programme enables Israeli scientists of outstanding ability in the fields of Life Sciences, Physical Sciences and Engineering, to pursue their research in the University of Cambridge, while fostering a scholarly exchange and greater understanding between researchers in Britain and in Israel.

Fellowships are available to Israeli scholars applying for their first postdoctoral funding abroad. Fellows will receive an annual stipend of £30,000 and fellowships will be tenable for up to two years. Additional funding of up to £6,000 to support direct research costs including bench fees, conference attendance and visa fees will be available through the respective university departments. Further details will be communicated to successful applicants.

**Call for applications for the 2017-2018 cohort is currently open!** (\*\*When using "Save & Resume", files or signatures that were previously uploaded, will NOT be saved on the system. Please make sure to upload files or signatures only when ready to submit the final application).

The deadline for applications is **7 November, 2016**.
